

## **EnergiseLegal case study**

### **For Solicitors/Career Management/Career Transition**

#### **Career breakthrough achieved.**

#### **The Brief**

- Client with a consistent track record of setting a career strategy and achieving defined career goals.
- Support to achieve next career goal.
- Lacking confidence and self-belief working in a male dominated environment.
- Working very hard – self-starter, seeking a better work life balance.

#### **Our Role**

- Shared practical tools to build resilience to successfully navigate politics at current employer.
- Career coaching exercises to clarify what want next and how to achieve it.
- Encouragement to set career capital goals to build visibility and position self for ideal role.
- Invited client to two useful networks to build network and support system.
- Introduction to useful contact in our network with relevant network to support them to achieve their career goal.
- Redesigned CV from chronological to Skills CV format to better showcase talents.
- Supported applications for non-exec roles to establish portfolio career.
- Transformed limiting beliefs to build inner confidence and conviction.
- Invited to my PWHub network to broaden network and build support system.
- Shared image consultant contacts to build personal brand and confidence.

## The Result

- Compelling speaker showcasing talents.
- Successful keynote talk at arbitration network, with excellent delegate feedback.
- Broader network with key influencers to enable introductions to future opportunities and career capital opportunities.
- Secured a trustee position with a charity to broaden career and establish portfolio career.
